5. Verify the mobile number and click on continue.

The screenshot shows the top navigation bar of the Dubai Islamic Bank website. On the left is the bank's logo and name in Arabic and English. On the right, there is a language selector set to 'العربية' (Arabic) and two links: 'LEARN MORE' and 'SECURITY'. The main content area has a light green background and is titled 'VERIFY YOUR MOBILE NUMBER'. It features a text input field containing '052 233 4444'. Below the field is the instruction: 'If this is not your mobile number please visit your branch to change it.' At the bottom of the green area is a 'CONTINUE' button.

6. OTP will be sent to the mobile number. Enter OTP and click on proceed.

This screenshot shows the continuation of the verification process. The top navigation bar remains the same. The main content area is still titled 'VERIFY YOUR MOBILE NUMBER' but now has a text input field with '****'. Below it, the instruction reads: 'If this is not your mobile number please visit your nearest branch to change it. If it is right. Generate OTP to proceed.' Below this green section is a white section titled 'ENTER ONE TIME PASSWORD (OTP)'. It contains a text input field with '*****'. To the left of the input field is a checkbox. Below the input field is the text: 'Would you like to remember this machine? (Not recommended for public PC's)'. At the bottom of this section are two buttons: 'CANCEL' and 'PROCEED'.

7. User is now registered for alt online banking.
