Independent Auditors' Report on Review of Condensed Consolidated Interim Financial Information

To the Board of Directors of Dubai Islamic Bank PJSC

Introduction

We have reviewed the accompanying 30 June 2026 condensed consolidated interim financial information of Dubai Islamic Bank PJSC ("the Bank") and its subsidiaries ("the Group"), consisting of:

- the condensed consolidated interim statement of financial position as at 30 June 2026;
- the condensed consolidated interim statement of profit or loss for the three-month and six-month periods ended 30 June 2026;
- the condensed consolidated interim statement of comprehensive income for the three-month and six-month periods ended 30 June 2026;
- the condensed consolidated interim statement of changes in equity for the six-month period ended 30 June 2026;
- the condensed consolidated interim statement of cash flows for the six-month period ended 30 June 2026; and
- notes to the condensed consolidated interim financial information.

Management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Dubai Islamic Bank PJSC
*Independent Auditors' Report on Review of
Condensed Consolidated Interim Financial Information
30 June 2026*

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed consolidated interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2026 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

Notes to the condensed consolidated interim financial information

for the six-month period ended 30 June 2026

1. General information

Dubai Islamic Bank (Public Joint Stock Company) (the “Bank”) was incorporated by an Amiri Decree issued on 29 Safar 1395 Hijri, corresponding to 12 March 1975 by His Highness, the Ruler of Dubai, to provide banking and related services based on Islamic Sharia principles. It was subsequently registered under the Commercial Companies Law number 8 of 1984 (as amended) as a Public Joint Stock Company.

The condensed consolidated interim financial information combines the activities of the Bank and its subsidiaries as disclosed in Note 28 to these condensed consolidated interim financial information (together referred to as the “Group”).

The Bank is listed on the Dubai Financial Market (Ticker: “DIB”).

The Group is primarily engaged in corporate, retail and investment banking activities in accordance with Islamic Sharia principles under the guidance of Internal Sharia Supervision Committee (“ISSC”) and Higher Sharia Authority of Central Bank of UAE (“HSA”) and carries out its operations through its local branches and overseas subsidiaries. The principal activities of the Group entities are described in note 28 (a) to the condensed consolidated interim financial information.

The registered head office of the Bank is at P.O. Box 1080, Dubai, United Arab Emirates (“U.A.E.”).

2. Application of new and revised International Financial Reporting Standards (“IFRS”)

2.1 New and revised IFRS applied with no material effect on the condensed consolidated interim financial information

The following new and revised IFRS, which became effective for annual periods beginning on or after 1 January 2026, have been adopted in the condensed consolidated interim financial information. The application of these revised IFRS has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

- Amendment to IFRS 9 and IFRS 7 relating to classification and measurement of financial instruments.
- Annual improvements to IFRS Accounting Standards

2.2 New and revised IFRSs in issue but not yet effective

The Group has not early adopted the following new and revised standards that have been issued but are not yet effective. The management is in the process of assessing the impact of the new requirements.

<u>New and revised IFRS</u>	<u>Effective for annual periods beginning on or after</u>
IFRS 18 <i>Presentation and Disclosures in Financial Statements</i>	01 January 2027
Amendment to IFRS 10 <i>Consolidated Financial Statements</i> and IAS 28 <i>Investments in Associates and Joint Ventures</i> relating to treatment of sale or contribution of assets from investors	Effective date deferred indefinitely.

Management anticipates that these new standards, interpretations and amendments will be adopted in the Group’s financial statements for the period of initial application.

Dubai Islamic Bank P.J.S.C.

Notes to the condensed consolidated interim financial information for the six-month period ended 30 June 2026

3. Basis of preparation

3.1 Statement of compliance

The condensed consolidated interim financial information is prepared in accordance with International Accounting Standard 34, “*Interim Financial Reporting*” issued by the International Accounting Standards Board and applicable requirements of the laws of the U.A.E., including the UAE Federal Law No. 32 of 2021 as amended and the Decretal Federal Law No. (6) of 2025.

The condensed consolidated interim financial information does not include all the information required for a complete set of IFRS consolidated financial statements and should be read in conjunction with the Group’s audited consolidated financial statements for the year ended 31 December 2025. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance since the last annual audited consolidated financial statements as at and for the year ended 31 December 2025. The accounting policies applied by the Group in preparation of the condensed consolidated interim financial information are consistent with those applied by the Group in its annual consolidated financial statements as at and for the year ended 31 December 2025.

3.2 Judgments and estimates

The preparation of the condensed consolidated interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, equity, income and expense. Actual amount may differ from these estimates.

In preparing the condensed consolidated interim financial information, the significant judgments made by management in applying the Group’s accounting policies and the key sources of estimates uncertainty were the same as those which were applied to the audited consolidated financial statements as at and for the year ended 31 December 2025.

3.2.1 Amounts arising from ECL

In determining the expected credit loss (“ECL”) for the period ended 30 June 2026, the Group considered the potential effects of the ongoing geopolitical developments in the region, based on the best available information and measures under Resilience Program issued by the Central Bank of UAE.

Macroeconomic factors, forward looking information and multiple scenarios

IFRS 9 requires an unbiased and probability weighted estimate of credit losses by evaluating a range of possible outcomes that incorporates forecasts of future economic conditions.

Macroeconomic factors and forward looking information are required to be incorporated into the measurement of ECL as well as the determination of whether there has been a significant increase in credit risk since origination. Measurement of ECLs at each reporting period should reflect reasonable and supportable information at the reporting date about past events, current conditions and forecasts of future economic conditions. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the consolidated financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

When estimating the ECLs, the Bank considers three scenarios (a base case, an upside and a downside) with a weightage of 40%, 30% and 30% respectively. Each of these is associated with different PDs. When relevant, the assessment of multiple scenarios also incorporates how defaulted financing are expected to be recovered, including the probability that the financing will cure and the value of collateral or the amount that might be received for selling the asset.

The regional geopolitical landscape continues to introduce macroeconomic uncertainty across the UAE. DIB Group continues to maintain active business continuity frameworks and rigorous risk management practices to safeguard its operations. In response to these conditions, the Central Bank of the UAE (“CBUAE”) introduced the Financial Institution Resilience Package (“FIRP”) on 18 March 2026. During the period the Group provided formal relief measures under the FIRP, granting payment deferrals to certain corporate customers.

3.2 Judgments and estimates (continued)

3.2.1 Amounts arising from ECL (continued)

In measuring Expected Credit Losses (ECL) as at 30 June 2026, the Group applies base, upside and downside scenarios. The ECL at 30 June 2026 reflects the Group's base weightings, together with management overlays. The underlying macro-economic forecasts and model parameters were broadly unchanged and recent forecast movements were more appropriately captured through overlays than through changes to model inputs.

To address any residual volatility and sector-specific risks not fully captured by the statistical models, management has incorporated adequate post-model adjustments (management overlays). These overlays ensure that the Group's credit risk provisions remain robust and sufficient against potential portfolio deterioration.

While the updated models and management overlays provide a reasonable and adequate representation of current credit risk, the geopolitical and macroeconomic situation remains fluid and evolving. Consequently, the estimation of ECL continues to involve significant judgment. The Group will continue to closely monitor regional developments, market data, and portfolio performance to reassess its assumptions, model inputs, and overlays on an ongoing basis, including any further reversion towards normalised scenario weights. Actual outcomes may differ from the estimates applied at the reporting date.

Assessment of significant increase in credit risk

Under IFRS 9, financial assets are transferred from Stage 1 to Stage 2 where there has been a significant increase in credit risk since initial recognition. The assessment of significant increase in credit risk is based on changes in the risk of default over the expected life of the exposure and incorporates both quantitative and qualitative information.

As the current geopolitical uncertainty remains uncertain, the Group continues to closely monitor all portfolios, including retail in order to assess whether any financial difficulties experienced by customers are temporary, arising from the current circumstances, or whether they are indicative of a more sustained deterioration in creditworthiness.

The Group remains fully committed to participating in the CBUAE led Resilience Program, reflecting its determination to support customers through periods of uncertainty and to contribute to the stability and resilience of the UAE economy. As at 30 June 2026, payment deferral programmes, comprising principal and interest deferrals in accordance with Resilience Program's requirements, were under implementation. No significant payment deferrals were granted during the period, as these programmes were in the initial phase of operational readiness and subject to customer eligibility and demand.

The Group continues to reassess the long-term viability of affected borrowers, and stage classification is determined in accordance with IFRS 9, the Credit Risk Management Standards ("CRMS"), the Group's internal policies and applicable CBUAE guidelines.

15. Tier 1 Sukuk (continued)

Tier 1 Sukuk is a perpetual security in respect of which there is no fixed redemption date and constitutes direct, unsecured, subordinated obligations (senior only to share capital) of the Bank subject to the terms and conditions of the Mudaraba Agreement. The Tier 1 Sukuk are listed on the Irish Stock Exchange and Dubai Financial Market / Nasdaq Dubai, callable by the Bank after the “First Call Date” or any profit payment date thereafter subject to certain redemption conditions.

The net proceeds of Tier 1 Sukuk are invested by way of Mudaraba with the Bank (as Mudarib) on an unrestricted co-mingling basis, by the Bank in its general business activities carried out through the Mudaraba Common pool.

At the Issuer’s sole discretion, it may elect not to make any Mudaraba profit distributions expected and the event is not considered an event of default. In such event, the Mudaraba profit will not be accumulated but forfeited to the issuer. If the Issuer makes a non-payment election or a non-payment event occurs, then the Bank will not (a) declare or pay any distribution or dividend or make any other payment on, and will procure that no distribution or dividend or other payment is made on ordinary shares issued by the Bank, or (b) directly or indirectly redeem, purchase, cancel, reduce or otherwise acquire ordinary shares issued by the Bank.

19. Taxation

On 9 December 2022, the United Arab Emirates (UAE) Ministry of Finance (MoF) released Federal Decree-Law No 47 of 2022 on the Taxation of Corporations and Businesses, Corporate Tax Law ("CT Law") to enact a new CT regime in the UAE. The new CT regime became effective for accounting periods beginning on or after 1 June 2023. The Group is subject to CT Law starting 1 January 2024. The taxable income of the entities that are in scope for UAE CT purposes is subject to tax at 9%.

The effective tax rate (ETR) for the period ended 30 June 2026 is 13.8% which includes Top-up tax (30 June 2025: 13.4%). The deviation from the statutory tax rate is primarily driven by the geographical mix, Top-up tax and partly offset by certain exempt income and exempt gains under the CT Law in the UAE.

Aligning with the OECD's Global Minimum Tax effort (Pillar Two), the UAE MoF has announced certain amendments to the CT Law introducing a Domestic Minimum Top-Up Tax of 15% for Multinational Enterprises (MNEs) with effect from financial years starting on or after 01 Jan 2025. The Group is within the scope of Pillar Two legislation and as such is subject to the Pillar Two rules.

The Group applies the exception to recognizing and disclosing information about deferred tax assets and liabilities related to Pillar Two income taxes, as provided in the amendments to IAS 12 issued in May 2023.

The Group estimates current tax expense related to Pillar Two an amount of AED 198.3 million for the period ended 30 June 2026 (30 June 2025: AED 180.8 million). The Pillar Two impact is in relation to the entities operating in the UAE.

22. Segmental information

22.1 Reportable segments

Reportable segments are identified on the basis of internal reports about the components of the Group that are regularly reviewed by the Group's chief operating decision maker in order to allocate resources to the segment and to assess its performance.

The Group's reportable segments are organised into below major segments as follows:

- | | |
|-----------------------|---|
| - Consumer banking: | Principally handling individual customers' deposits, providing consumer Murabaha, Salam, Home Finance, Ijarah, Credit Cards and funds transfer facilities, priority banking and wealth management. |
| - Corporate banking: | Principally handling financing, other credit facilities, deposits, current accounts, cash management and risk management products for corporate and institutional customers. |
| - Commercial banking: | Principally handling financing, other credit facilities, deposits, current accounts, cash management and risk management products for emerging corporate and SME customers. |
| - Treasury: | Principally responsible for managing the Bank's overall liquidity and market risk and provides treasury services to customers. Treasury also runs its own Sukuk and specialised financial instruments book to manage the above risks. |
| - Other: | Functions other than above core lines of businesses including international business and properties. |

The accounting policies of the above reportable segments are the same as the Group's accounting policies.

23. Related party transactions

Parties are considered to be related if one party has the ability to control or influence the other party in making financial or operating decisions.

The Bank enters into transactions with shareholders, associates, directors, key management personnel and their related concerns in the ordinary course of business at terms agreed between both parties on arm's length basis.

Balances and transactions between the Bank and its subsidiaries, which are related parties of the Bank, have been eliminated on consolidation and are not disclosed in this note.

As at 30 June 2026 and 31 December 2025, the major shareholder of the Bank is Investment Corporation of Dubai ("ICD"), a company in which the Government of Dubai is the majority shareholder, which holds 27.9% shareholding of the Bank.

The significant balances and transactions with related parties included in the condensed consolidated interim financial information are as follows. The Group has applied the exemption in IAS 24 Related Party Disclosures that allows to present reduced related party disclosures regarding transactions with government related parties.

25. Capital adequacy ratio

The Group lead regulator, the Central Bank of U.A.E. (CBUAE), sets and monitors capital requirements for the Group as a whole. The Group and individual banking operations within the Bank are directly supervised by their respective local regulators.

The Group regulatory capital is analysed into following tiers:

- Common Equity Tier 1 (CET1), which includes fully paid up capital, statutory reserve, general reserve, retained earnings, exchange translation reserve and investment fair value reserve. Regulatory adjustments under Basel III, which includes deductions of deferred tax assets, investments in banking and financial entities and other threshold deductions;
- Tier 1 capital, includes CET1, with additional items that consist of Tier 1 capital instruments and certain non-controlling interests in subsidiaries; and
- Tier 2 capital, which includes collective impairment allowance and qualifying subordinated liabilities, if any.

The Bank was recognized as Domestic Systemically Important Bank (D-SIB) during the year ended 31 December 2018 and is accordingly required to keep a D-SIB buffer of 0.5% in addition to the CCB of 2.5%.

As per the Central Bank regulation for Basel III, the minimum capital requirement as at 30 June 2026 is 13.6% inclusive of capital conservation buffer of 2.5% and D-SIB buffer of 0.5% and applicable countercyclical buffers. From 01 January 2026, counter cyclical buffer of 0.5% on the private sector credit exposures in the UAE is also required to be maintained, however, the implementation of counter cyclical buffer has been suspended under the CBUAE resilience program.
