## **Independent Auditors' Report on Review of Condensed Consolidated Interim Financial Information To the Shareholders of Dubai Islamic Bank P.J.S.C.**

### *Introduction*

We have reviewed the accompanying condensed consolidated interim financial information of Dubai Islamic Bank P.J.S.C. (the "Bank") and its subsidiaries (collectively referred to as the "Group"), which comprises:

- the condensed consolidated interim statement of financial position as at 31 March 2016;
- the condensed consolidated interim statement of profit or loss for the three-month period ended 31 March 2016;
- the condensed consolidated interim statement of other comprehensive income for the three-month period ended 31 March 2016;
- the condensed consolidated interim statement of changes in equity for the three-month period ended 31 March 2016;
- the condensed consolidated interim statement of cash flows for the three-month period ended 31 March 2016; and
- notes to the condensed consolidated interim financial information.

Management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

### *Scope of Review*

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed consolidated interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Conclusion*

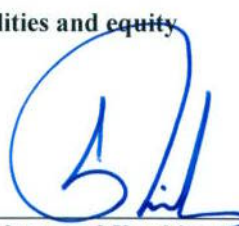

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 31 March 2016 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

## Notes to the condensed consolidated interim financial information

for the three-month period ended 31 March 2016

### 1. General information

Dubai Islamic Bank (Public Joint Stock Company) (the “Bank”) was incorporated by an Amiri Decree issued on 29 Safar 1395 Hijri, corresponding to 12 March 1975 by His Highness, the Ruler of Dubai, to provide banking and related services based on Islamic Sharia’a principles. It was subsequently registered under the Commercial Companies Law number 8 of 1984 (as amended) as a Public Joint Stock Company.

The accompanying condensed consolidated interim financial statements combine the activities of the Bank and its subsidiaries as disclosed in note 26.1 (together referred to as the “Group”).

The Bank is listed on the Dubai Financial Market (Ticker: “DIB”).

The Group is primarily engaged in corporate, retail and investment banking activities and carries out its operations through its local branches and overseas subsidiaries. The principal activities of the Group entities are described in note 26.1 to these condensed consolidated interim financial statements.

The registered head office of the Bank is at P.O. Box 1080, Dubai, United Arab Emirates.

### 2 Application of new and revised International Financial Reporting Standards (IFRSs)

#### 2.1 New and revised IFRSs applied with no material effect on the condensed consolidated interim financial statements

The following revised IFRSs have been adopted in these condensed consolidated interim financial statements. The application of these revised IFRSs has not had any material impact on the amounts reported for the current and prior periods but may affect the accounting for future transactions or arrangements:

- Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investment in Associates and Joint Ventures – amendments relating to sale or contribution of Assets between an Investor and its Associate or Joint Venture
- Amendments to IFRS 5 Non-current Assets Held for Sale and Discontinued Operations – amendments relating to changes in method for disposal.
- Amendments to IFRS 7 Financial Instruments: Disclosures – amendments relating to ‘continuing involvement’ for servicing contracts.
- Amendments to IAS 34 Interim Financial Reporting – amendments relating to disclosure of information ‘elsewhere in the interim financial report’.
- Amendments to IAS 1 Presentation of Financial Statements – amendments relating to additional disclosures for users of the Financial Statements.
- Amendments to IAS 16 Property, Plant and Equipment – Amendments regarding the clarification of acceptable methods of depreciation and amortisation.
- Amendments to IAS 38 Intangible Assets - Amendments regarding the clarification of acceptable methods of depreciation and amortisation.

#### 2.2 New and revised standards in issue but not yet effective

The Group has not early adopted the following new and revised standards that have been issued but are not yet effective:

<u>New and revised IFRSs</u>	<u>Effective for annual periods beginning on or after</u>
Amendments to IAS 12 <i>Income Taxes</i> relating to recognition of Deferred Tax Assets for Unrealised Losses	1 January 2017

# Dubai Islamic Bank P.J.S.C.

## Notes to the condensed consolidated interim financial information for the three-month period ended 31 March 2016

### 2 Application of new and revised International Financial Reporting Standards (IFRSs) (continued)

#### 2.2 New and revised standards in issue but not yet effective (continued)

<u>New and revised IFRSs</u>	<u>Effective for annual periods beginning on or after</u>
Amendments to IAS 7 <i>Statement of Cash Flows</i> to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities.	1 January 2017
Finalised version of IFRS 9 <i>Financial Instruments</i> (IFRS 9 <i>Financial Instruments</i> (2014)) was issued in July 2014 incorporating requirements for classification and measurement, impairment, general hedge accounting and de-recognition. This amends classification and measurement requirement of financial assets and introduces new expected loss impairment model.	1 January 2018
A new measurement category of fair value through other comprehensive income (FVTOCI) will apply for debt instruments held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets.	
A new impairment model based on expected credit losses will apply to debt instruments measured at amortised costs or FVTOCI, lease receivables, contract assets and certain written loan commitments and financial guarantee contract.	
IFRS 16 <i>Leases</i> : IFRS 16 specifies how an IFRS reporter will recognise, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognise assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, with IFRS 16's approach to lessor accounting substantially unchanged from its predecessor, IAS 17.	1 January 2019
Amendments to IFRS 10 <i>Consolidated Financial Statements</i> and IAS 28 <i>Investments in Associates and Joint Ventures</i> (2011) relating to the treatment of the sale or contribution of assets from and investor to its associate or joint venture.	Effective date deferred indefinitely

As of date of issuance of these condensed consolidated interim financial statements, management are still in the process of evaluating the impact of these new and revised standards on the condensed consolidated interim financial statements.

### 3. Basis of preparation

#### 3.1 Statement of compliance

These condensed consolidated interim financial information are prepared in accordance with International Accounting Standard 34, "*Interim Financial Reporting*" issued by the International Accounting Standards Board and applicable requirements of the laws of the U.A.E. UAE Federal Law No 2 of 2015 ("UAE Companies Law of 2015") was issued on 1 April 2015 and has come into force on 1 July 2015. Companies are allowed to ensure compliance with the UAE Companies Law of 2015 by 30 June 2016 as per the transitional provisions contained therein. The Bank is currently in the process of implementing all changes required by the UAE Companies Law of 2015.

These condensed consolidated interim financial information do not include all the information required for a complete set of IFRS consolidated financial statements and should be read in conjunction with the Group's audited consolidated financial statements for the year ended 31 December 2015. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual audited consolidated financial statements as at and for the year ended 31 December 2015.

## Notes to the condensed consolidated interim financial information

for the three-month period ended 31 March 2016

### 3. Basis of preparation (continued)

#### 3.2 Judgments and estimates

The preparation of these condensed consolidated interim financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, equity, income and expense. Actual amount may differ from these estimates.

In preparing these condensed consolidated interim financial information, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimates uncertainty were the same as those which were applied to the audited consolidated audited financial statements as at and for the year ended 31 December 2015.

### 4. Significant accounting policies

The accounting policies used in the preparation of these condensed consolidated financial information are consistent with those disclosed in the audited consolidated financial statements as at and for the year ended 31 December 2015.

Summary of significant accounting policies applied in the preparation of these condensed consolidated interim financial information are as follows:

#### 4.1 Financial risk management

The Group's financial risk management objectives and policies are consistent with those disclosed in the audited consolidated financial statements as at and for the year ended 31 December 2015.

#### 4.2 Investments in Islamic Sukuk

Investments in Islamic Sukuk are measured at amortised cost if both of the following conditions are met:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and profit on the principal amount outstanding.

Investments in Islamic Sukuk meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at amortised cost using the effective yield basis less any impairment, with profit recognised on an effective yield basis in income from investments in Islamic Sukuk in the condensed consolidated interim statement of profit or loss.

#### 4.3 Other investments

##### 4.3.1 Investments measured at fair value through profit or loss ("FVTPL")

Investments in sharia compliant equity instruments are classified as at FVTPL, unless the Group designates an investment at fair value through other comprehensive income (FVTOCI) on initial recognition.

Financial assets (other than equity instruments) that do not meet the amortised cost criteria are measured at FVTPL. In addition, financial assets (other than equity instruments) that meet the amortised cost criteria but are designated as at FVTPL are measured at FVTPL. Financial assets (other than equity instruments) may be designated as at FVTPL upon initial recognition if such designation eliminates or significantly reduces a measurement or recognition inconsistency that would arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

The Group has not designated any financial assets (other than equity instruments) as at FVTPL.

### 4. Significant accounting policies (continued)

#### 4.3 Other investments (continued)

##### 4.3.1 Investments measured at fair value through profit or loss ("FVTPL") (continued)

Financial assets are reclassified from amortised cost to FVTPL when the business model is changed such that the amortised cost criteria are no longer met. Reclassification of financial assets (other than equity instruments) that are designated as at FVTPL on initial recognition is not allowed.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the condensed consolidated interim statement of profit or loss.

Dividend income on investments in equity instruments at FVTPL is recognised in the condensed consolidated interim statement of profit or loss when the Group's right to receive the dividends is established in accordance with IAS 18 *Revenue* and is included in the condensed consolidated interim statement of profit or loss.

##### 4.3.2 Investments measured at fair value through other comprehensive income ("FVTOCI")

On initial recognition, the Group can make an irrevocable election (on an instrument-by-instrument basis) to designate investments in sharia compliant equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has evidence of a recent actual pattern of short-term profit-taking; or
- it is an Islamic derivative that is not designated and effective as an Islamic hedging instrument or a financial guarantee.

FVTOCI assets are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income. The cumulative gain or loss will not be reclassified to profit or loss on disposals.

Dividends on these investments in equity instruments are recognised in condensed consolidated interim statement of profit or loss when the Group's right to receive the dividends is established in accordance with IAS 18 *Revenue*, unless the dividends clearly represent a recovery of part of the cost of the investment.

#### 4.4 Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured at cost less accumulated depreciation and impairment loss, if any. Depreciation on investment in buildings is charged on a straight-line basis over 25 years.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the condensed consolidated interim statement of profit or loss in the period in which the property is derecognised.

Transfers to investment properties are made when, and only when there is change in use evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development.

Transfers from investment properties are made when, and only when, there is change in use evidenced by commencement of owner-occupation or commencement of development with a view to sale.

### **4. Significant accounting policies (continued)**

#### **4.5 Investments in associates and joint ventures**

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

On acquisition of the investment in an associate or a joint venture, any excess of the cost of acquisition over the Group share of the net fair value of the identifiable assets, liabilities and contingent liabilities of associates and joint ventures recognised at the date of acquisition is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group share of the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition, after reassessment, is recognised immediately in the condensed consolidated interim statement of profit or loss in the period in which the investment is acquired.

The results and assets and liabilities of associates and joint ventures are incorporated in these condensed consolidated interim financial statements using the equity method of accounting from the date on which the investment becomes an associate or joint venture. Under the equity method, an investment in associates and joint ventures is initially recognised in the condensed consolidated interim statement of financial position at cost and adjusted thereafter to recognise the Group share of the profit or loss and other comprehensive income of the associates and joint ventures.

When the Group share of losses of associates and joint ventures exceeds the Group interest in that associates and joint ventures (which includes any long-term interests that, in substance, form part of the Group net investment in the associates and joint ventures), the Group discontinues recognizing its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associates and joint ventures.

The requirements of International Financial Reporting Standards are applied to determine whether it is necessary to recognise any impairment loss with respect to the Group investment in associates and joint ventures. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs to sell) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised to the extent that the recoverable amount of the investment subsequently increases.

The Group discontinues the use of equity method from the date when the investment ceases to be an associate or a joint venture. When the Group retains its interest in the former associate or joint venture and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition. The difference between the carrying amount of the associate or joint venture at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest in the associate or joint venture is included in the determination of the gain or loss on disposal of the associate or joint venture.

The Group continues to use the equity method when an investment in an associate becomes an investment in a joint venture or an investment in joint venture becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

Upon disposal of associates and joint ventures that results in the Group losing significant influence over that associates and joint ventures, any retained investment is measured at fair value at that date and the fair value is regarded as its fair value on initial recognition as a financial asset. The difference between the previous carrying amount of the associates and joint ventures attributable to the retained interest and its fair value is included in the determination of the gain or loss on disposal of the associates and joint ventures. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associates and joint ventures on the same basis as would be required if that associates and joint ventures had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associates and joint ventures would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) when it loses significant influence over that associates and joint ventures.

### 20 Segmental information

#### 20.1 Reportable segments

Reportable segments are identified on the basis of internal reports about the components of the Group that are regularly reviewed by the Group's chief operating decision makers in order to allocate resources to the segment and to assess its performance.

The Group's reportable segments are organised into five major segments as follows:

- Consumer banking: Principally handling individual customers' deposits, providing consumer murabahas, salam, home finance, ijarah, credit cards and funds transfer facilities, priority banking, wealth management and trade finance facilities.
- Corporate banking: Principally handling financing, other credit facilities, deposits, current accounts, cash management and risk management products for corporate and institutional customers.
